

EDWARD HINES, JR. VA HOSPITAL
PSYCHOLOGY SERVICE

INTERNSHIP INTERVIEWS

JANUARY - 2015

Applicants showing the best fit for our program will be invited to interview with us. The interview day typically runs from 8:45 AM to 1:30 PM. If you are invited to interview, your visit will begin with a group meeting with the Training Director and three other applicants at 8:45 AM. This meeting will be followed by a series of three 30 minute individual interviews. One of these individual interviews will be with the Training Director and the other two will be with members of our Internship Training Committee.

Following the interviews you will have lunch with some of our current interns. The lunch is intended to provide you the opportunity to discuss our internship program with our current interns and ask relevant questions. A tour of the hospital will be offered immediately after lunch. The tour is usually scheduled from 12:45 PM until 1:30 PM.

When you call or email to schedule your interview date you can let our program assistant, Karen Santia (Karen.santia@va.gov), know if you would like to meet with additional staff members who work in areas of interest to you. We ask that you limit the number of these additional meetings to two. If there are other staff members whom you would like to speak with we will be happy to help you set up phone calls with these individuals. If you request any additional meetings, these meetings will be scheduled either before the interview day begins (i.e., 8 AM) or following the tour.
